

**Philip Costigan PhD**

Philip has worked with disadvantaged and unemployed youth, in drug and alcohol education, in aged care management, in Aboriginal communities and tertiary institutions.

He has held senior positions in the community and corporate sectors, specialising in social justice and values education.

Philip is a qualified teacher, with Masters' degrees in Education and Social Justice. He has a Doctorate in Australian Men's Studies, and a Graduate Certificate in Ageing and Pastoral Studies.

**Patricia Rose PhD**

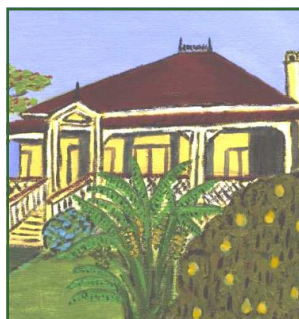

Patricia has worked with diverse groups, including women, indigenous people, older adults and unemployed people. Patricia uses gentle, holistic, empowering processes in all her work, underpinned

by a solid academic framework.

She works as a consultant in the private and community sectors, specialising in project management and evaluation, policy development and funding applications.

Patricia has a Masters' degree in Elderly Women's Development and a Doctorate in Women's Studies.

## No Matter How Small or How Large Your Business

## Organising Your Organisation with Wildwood Consultants

- ◆ Strategic Planning
- ◆ Education & Training
- ◆ Policy Development
- ◆ Funding Submissions
- ◆ Project Management
- ◆ Program Evaluation

## Policies & Procedures

### ◆ Policies - Clear and Concise

We can help you clarify the rationale and philosophy which will underpin all your policies, identify the key policy areas, and write them in language which is clear, concise, and reflects the culture of your organisation and its clients.

Once the policies have been developed, have us facilitate a workshop to ensure that all stakeholders are familiar with the policies, and understand their role in the organisation.

### ◆ Procedures - Simple and Stress Free

When your policies are finalised, we can then help you develop procedure manuals for your organisation, its programs and departments.

---

## Evaluation

### The Way to Continuous Improvement

Wildwood Consultants specialise in high quality evaluation of programs and projects.

Starting always with the aims and objectives of the project, we will consult stakeholders, examines all critical documents and analyse all outcomes.

The evaluative report will include

- ◆ an executive summary
  - ◆ an analysis and evaluation of project outputs against performance indicators
  - ◆ recommendations for quality improvement.
- 

## Strategic Planning

### Good Planning is Good Business

A good strategic plan is an invaluable asset to any business. Work with us to develop a new strategic plan, or to review your existing plan. Create a workable and user-friendly document to use in planning, implementation and evaluation of all your services and programs.

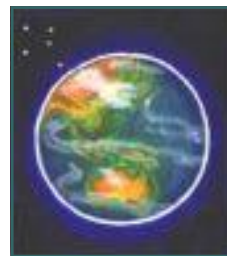

Your strategic plan will include

- ◆ a mission statement
  - ◆ a number of goals and objectives for the organisation to achieve that mission
  - ◆ a set of strategies describing how the goals and objectives will be achieved.
- 

## Funding Submissions

### Funding Applications that Succeed

Writing successful funding submissions is a skill and an art - and our consultants have both of these. Submissions prepared by Wildwood Consultants have a very high rate of success.

Working in conjunction with your team, we can develop applications that are highly likely to attract funding for your organisation.

Funding is too scarce for you to waste time preparing submissions that will not succeed.

We will help improve your funding chances.

---

## Facilitation

### Friendly, Efficient, Professional

We will help your group identify its strengths and build upon them, as we guide the group towards realising its creative and problem solving potential. We use gentle, creative, value-based processes to help groups achieve their

stated goals within agreed timeframes.

Our ability to keep groups focussed, and our clear understanding of group dynamics, will produce successful outcomes for our clients.

---

## Education & Training

### For Quality Service Delivery

Quality client service requires educated, informed workers. Wildwood Consultants will help skill your staff and volunteers in key areas relevant to your sector.

These may include

- ◆ Mission and values education
- ◆ Access and equity principles
- ◆ Ethical decision making
- ◆ Community development
- ◆ Advocacy

This can be done with small or large groups, single or multiple organisations, in a variety of stimulating and challenging formats.
